KLÖCKNER PENTAPLAST SPONSORING ALEXANDER WATSON ASSOCIATES (AWA) HEAT SHRINK SLEEVE LABEL TECHNOLOGIES WORKSHOP

PRESENTING SESSIONS ON ROLL AND SHRINK SLEEVE LABEL TECHNOLOGIES

Montabaur, Germany – July 19, 2016 – Klöckner Pentaplast is a sponsor of the Alexander Watson Associates (AWA) workshop being held July 19-22 at the Crowne Plaza Hotel in Plymouth, Minnesota. The workshop, *Introduction to Heat Shrink Sleeve Label Technologies*, was developed as an interactive guide to the technologies and processes involved in the production of sleeve labels. It is designed to update participants on the latest developments in heat shrink sleeve label processing, including their background, manufacture and end-use. The workshop features topics intended to improve the level of understanding of the production and application of heat shrink sleeves.

Klöckner Pentaplast's sessions, delivered by Andrew Lewandowski, Business Manager, will focus on roll-sleeve and shrink-sleeve technologies. Those desiring to learn the A-to-Zs of labeling films will benefit from this session. "Participating in this workshop is important to Klöckner Pentaplast because it is a great opportunity for us to meet and interact with other industry leaders and companies new to or entering the shrink market. The platform affords knowledge sharing and learning opportunities for everyone," states Lewandowski.
