Performance Features:

- Superior clarity for maximum print resolution
- Excellent thermoformability for detailed shapes
- Can be processed on your existing lines, without modification, new tooling, or the need for specialized equipment
- Works with existing materials and adhesives within normal temperature ranges
- Cuts easily for less knife wear
- Superior surface quality
- Processes consistently
- Broadest product portfolio available in the marketplace
- Custom colors available
- Only European supplier to offer this film

Quality Manufacturing:

Quality certified – consistent formulation & traceability
Superior gauge control
ISO 9001:2000, 9001:2008, or 14001:2004 registered
Strictest cGMP standards

Solutions for a changing world

As the global leader in decorative surface films, kp offers a drop-in polyester-based solution designed to help you meet your social, economic, and environmental sustainability goals, while maintaining product integrity and production economies. Pentadecor® polyester films inherently provide high-performance properties that can support your sustainability efforts.

- Eliminates capital expense by utilizing existing machinery assets
- Reduces product weight through increased yield

A world leader in film

At kp, we believe in meeting the needs of our decorative surfaces clients comprehensively, with the highest-quality films, the broadest range of formulations, and service and support from beginning to end. We offer the strength and stability of a global company, delivering results to you wherever you are.

*Innovation. Solutions. Performance.
Support. Results.*

kp films deliver.
