

## HALAL PACKAGING POLICY

The satisfaction of our customers is our foremost priority in every product we manufacture.

Within the scope of this policy, we hereby commit to:

- Producing halal packaging products in full compliance with all legal and Islamic requirements, which constitute the foundation of high-quality, safe, and halal food packaging, and adopting a philosophy of continuous improvement,
- Ensuring the provision of halal products that meet KP GEBZE's high quality standards and customer expectations,
- Guaranteeing that all raw materials, additives, and input materials that come into contact with halal products comply with food safety and halal requirements,
- Contributing to the development of our suppliers with the awareness that quality production is achieved through the procurement of high-quality materials and services,
- Ensuring the effectiveness of the Halal Food Management System from the origin of raw materials through to the final consumption stage,
- Ensuring that the Halal Food Management System is clearly understood, adopted, continuously improved, and enhanced through measurable objectives by all employees,
- Conducting training activities to improve the knowledge and competencies of our employees and subcontractors at all levels,
- Using the halal food logo appropriately and in accordance with the relevant requirements,

We hereby declare and publicly commit to the above.
